

# Chester Cathedral

Date:

## **PRESS RELEASE**

### School Singing Event at Chester Cathedral

Chester Cathedral will echo to the sound of children singing on Tuesday, 17 November when pupils from Kelsall Primary School, JH Godwin Primary School in Blacon and Dodleston Primary School take part in a singing afternoon.

Musicians from the Cathedral's music team have been visiting the schools since the beginning of term, working on songs with the children, and Cathedral choristers will soon be going along as well. On 17 November, children from all three schools will be coming to the Cathedral to take part in vocal workshops with boys and girls from the Cathedral Choir, culminating in a special service at 5.30 pm.

The preparatory work and the workshops form part of the Chorister Outreach Programme, which is part of the National Music Manifesto, funded by the Government. The aim of the scheme is to encourage cathedral's to share their musical expertise with the local community and Chester Cathedral is certainly playing its part!
